

# **Preliminary Call for Papers**

## **The Seventh International Conference on Availability, Reliability and Security (ARes 2012)**

<http://www.ares-conference.eu>  
*University of Economics, Prague*  
*August 20th-24th, 2012*

### **ARES Conference**

The 7th International Conference on Availability, Reliability and Security (ARES 2012) will bring together researchers and practitioners in the area of IT-Security and Dependability. ARES will highlight the various aspects of security – with special focus on secure internet solutions, trusted computing, digital forensics, privacy and organizational security issues. ARES aims at a full and detailed discussion of the research issues of security as an integrative concept that covers amongst others availability, safety, confidentiality, integrity, maintainability and security in the different fields of applications.

### **ARES Important Dates**

Submission Deadline: March 1st, 2012  
Author Notification: May 1st, 2012  
Author Registration: May 18th, 2012  
Camera Ready Deadline: June 1st, 2012  
**Conference: August 20th – 24th, 2012**

### **Proposal for New Workshops**

In conjunction with the ARES conference, a number of workshops will be organized. Workshop proposals should include the call for papers, the number of papers to be accepted, the contact person, etc. They are to be sent to the Workshop Organizing Committee ([publishing\[at\]ares-conference\[dot\]eu](mailto:publishing@ares-conference.eu)).

The workshops' important dates may vary from the ARES important dates. However, because of publishing reasons the deadlines regarding the author registration and the camera ready version have to be the same.
